There are two ways to write math equation.
 Inline equation $y = ax + b$ is a linear equation
 Display equation

$$y = ax + b$$

is a linear equation.

- 1. $y = ax + b$
- 2. `**` $y = ax + b$
- 3. $y = ax + b$

1.

$$y = ax + b$$

2.

$$y = ax + b$$

3.

$$y = ax + b$$

4.

$$y = ax + b \tag{1}$$

$$x_1^2$$
